January 2018

## Instrumentation, Analysis and Testing Exhibition, 13 March 2018, Silverstone

This year's Instrumentation, Analysis and Testing Exhibition will take place on 13 March at Silverstone. There is 1 remaining exhibitor table.

Open forums include:

- [Seeing the 'Wood for the Trees'; Making Sense of Analysis Classification Tools](#)
- [How Good is CAE Modelling v.s Test?](#)
- [A Comparison Between the Input and Output of Signals Using Different Systems.](#)

The exhibition and open forums are free to attend and there is complimentary parking and lunch vouchers for all visitors. [Register now](#)

## Peter Watson Prize 2018

Young engineers are invited to submit an entry for the 2018 EIS Peter Watson Prize which will be held at a special event in October 2018. Interested engineers should submit an application form and a one page abstract summarising the presentation they would like to give on a topic which should be relevant to the interests of the EIS. Further information can be found on our [website](#).

## CALL FOR PAPERS: Electric Vehicle NVH - Not as Quiet as You Thought?

The seminar is provisionally booked for June 2018 at University of Coventry. A call for papers has been issued and closing date for receipt is 31 January 2018. [Find out more.](#)

## Accelerometer Selection and Signal Processing Basics - 25 April 2018

This seminar will be held in Mildenhall and is supported by DJB Instruments, Data Physics and Kemo. The full programme and booking form will be released by the end of January.

## EIS Young Engineers Seminars

These seminars are aimed at supporting young engineers at the start of their careers. Feedback from the group has been encouraging and we plan to continue running the series as a charitable activity during 2018. If you know of any engineers who have graduated within the last 3-4 years and would be interested in attending future sessions please contact Sara Atkin - [info@e-i-s.org.uk](mailto:info@e-i-s.org.uk)

## Scam Email

We would like to warn you of a scam email which appears to come from the Engineering Integrity Society offering to sell you a contacts database. This email has NOT come from the EIS and we would never sell you information on our members as we take data protection extremely seriously.

## Fatigue 2020, 29 June - 1 July 2020

Following on from the success of Fatigue 2017 we are pleased to announce that we will be running Fatigue 2020. Further information will follow in due course.

## Other Supported Events:

[IMEchE - Structural Integrity Design and Validation Technologies](#)

27-28 February 2018, Manchester

[IMEchE - Reliability of Systems and Equipment Operated in Harsh Environments](#)

6 March 2018, London

[IMEchE - Steam Turbine and Generator User Group 2018](#)

21-22 March 2018, Manchester

[IMEchE - Essential Management Skills 2018](#)

18-20 April 2018, Coventry

## EIS Committees

If you wish to join one of our committees please contact Sara Atkin at [info@e-i-s.org.uk](mailto:info@e-i-s.org.uk) or call 01572 811315.
